Orcuttville, was visited by a large number of you would live and thrive. his friends a few evenings since, who made him presents, in cash and other articles, to the amount of \$100 or upwards. This must be a pleasant village to reside in, judging from tle way they express their good will and regard

THE lecture of Rev. Mr. Dean at the town hall was of unusual interest. The admonition and advice to parents, the sound logic, the personal experience and observation of the speaker in England and America, so happily blended together, made the lecture one that will be indelably impressed on the memory of those who heard it. The next lecture will be delivered by Rev. A. W. Ide, next Wednesday evening. Bubject-school houses and the sur roundings. Prof. Taylor will turnish music for the occasion.

Solp.-Samuel Rockwell and Cyrus Bam ford have purchased the Oronoco House, Hall &c., for \$5,200. This includes the lease of D II. Field, and the fixtures he has added by improvements, Mr. Field quit-claiming for \$700. Mr. Fenton has now sold about \$9000 worth o his hotel property in this village, and has the Springs House, which is in the best condition it has been for years, with its surroundingleft. Mr. Field, having given up the Oronoce House, will go on and perfect his arrangements for the summ r campaign.

LAST SABBATH, the 15th, was memorable as having three tuneral sermons preached in town during the day. Rev. J. T. Benton preached an able and patriotic discourse on the death of Albert Carpenter, of Co. B., 11th Reg., who died in a Southern prison. Rev. Mr. Dunham of Staffordville, preached on the death of Charles Thrall, of the 16th, who was released in so famishing a condition that he was usab e to reach home, and was buried at sea. Rev. Mr. Goodell preached a discourse on the death of Marvin Fisk, of the 16th Conn., who died in a rebel prison, another victim to Southern barbarity.

THE RACK TRACK .- The Mass, Senate reconsidered its vote to postpone the election of U. S. Senator to Feb. 14th, and voted to elect yesterday. Mr. Wilson is, of course, the man-

REEVES' AMBROSIA is for sale by all Druggists, and at 62 Fulton Street, N. Y. Price, 75 Cents per Bottle. ed fact that no preparation has ever been placed before the public, that, as a remedial agent for the safe and speedy cure of Coughs, Colds, Croup. Influenza, Hoarseness, Ticking in the Throat Soreness of the Chest and Lungs, and the relief of Consumptive Cough, is equal to Coe's Cough Balsam. Although not known in the Western States until the fall of 1863, over 300,000 bottles have been sold and used by the people, its im mense popularity being the result of its undoubted merit. The proprietors, Messrs. C. G. CLARK & Co., of New Haven, Conn., who are among the most reliable of the Eastern Drug Houses, have offered to any man who would produce an article that would cure any Lung and Throat affections as quick as Coe's Cough Balsam, a reward of \$100, and are wi hout any taker, although the offer has been made public over two years. The bottle compares favorably in size with any of the 65 cent preparations, and its strength is second to none, making it not only the best but the cheapest remedy in the world. We have the united testimony of such houses as Lord & Smith; Fuller, Finch & Fuller; Bornham & Van Schaack; J. H. Reed & Co., and H. Scovill, all heavy druggists in the city of Chicago, together with the as surance of wholesale and retail druggists in all points in the Northwest, that they are selling more of this preparation, and that it gives greater satisfaction, than any other Cough Balsam now extant. No family should be without it, it is within the reach of all, the price being only forty ochis. In time of health, provide for disease.—

AMERICAN AND FOREIGN PATENTS. R. H. EDDY, SOLICITOR OF PATENTS, Late Agent of U. S. Patent Office Washington, (under the Act of 1837.)

76 STATE ST..... opp. Kilby st..... BOSTON After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries. Cavents, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents executed on liberal terms, and with dispatch. Researches made into American or Foreign works to determine the validity or utility of Patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, of ascertaining the patenability of inventions, unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Patinguish where. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PAT-ENT OFFICE than the subscriber, and as SUC-CESS IS THE BEST PROOF OF ADVANTAG-ES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during the twelve years past has enabled him to accumulate a vast collec-tion of specifications and official decisions relative

to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facili-ties for obtaining Patents.

All necessity of a journey to Washington to pro-cure a Patent, and the usual great delay there,

TESTIMONIALS. "I regard Mr. Eddy as one of the Most CAPA-BLE and SUCCESSFUL practitioners with whom I have had official intercourse." CHAS. MASON. Commissioner of Patents.
"I have no hesitation in assuring inventors that

they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applicatians, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend ALL inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention be stowed on their cases, and at very reasonable charges."
